Programs/Course Offerings

History and Development of Cedar Stone School of Massage

Cedar Stone School of Massage (CSSM) was established in 2000 as a source for Continuing Education for massage therapists and healing arts practitioners. These early programs were focused towards offering practical applications for the healing arts. As this program grew, CSSM expanded services to offer massage courses for “lay” persons who wanted to share this work with family and friends. Although expanded, our class, content and training continue to explore modalities and philosophies from Western Massage, Native American, and Asian healing arts. Today, we offer full massage therapy certification program for professional therapists, and due to the increasing demand, we started offering a nail technician program to enhance techniques to share with clients and meet the requests of our community. As of 2019 we started offering the Esthetician program due to the increase demand from the community.

General Description of Space, Equipment and Facilities

The school consists of a 3000 square foot facility housing 2 classrooms, 2 therapy rooms, a small library, school lounge, and administrative office. The classrooms are set up with massage tables, anatomical models and drawings, and video screens. The classrooms provide space for supervised practice and class instruction. The facility is situated in Harrisonburg City on 1.5 acres with room for student parking. All classes and supervised practice will be offered at Cedar Stone School of Massage, 1834 South Main Street, Harrisonburg, Va.

Cedar Stone School of Massage offers holistic professional programs and training in transformational massage and natural healing techniques. Massage, bodywork, and other healing modalities are taught from a whole perspective, integrating several cultural approaches to the healing arts. The school offers 3 programs:

- ***Massage Therapy Certification Program***- For students seeking to become professional, licensed massage therapists. This program will prepare students to sit for the national exam and apply for state certification.
- ***Massage for Friends and Family***- Level I Massage Class for students who want to learn basic relaxation and massage techniques for use at home. This program does not meet requirements for licensure.
- ***Continuing Education***- Ongoing courses for massage therapists and healing arts practitioners to meet continuing education requirements, develop professional skills, and explore new modalities.

Cedar Stone School of Massage offers a professional program and training in esthetics. Our Esthetician Program is designed to prepare the student in a knowledgeable background of skin analysis, facials, machine facials, skin care products chemistry, hair removal, makeup artistry & skin pathologies, structure and function. Students will also learn life skills, ethics and professionalism.

- **Esthetician Certification Program**- For students seeking to become professional, licensed estheticians. This program will prepare students to sit for the VA State Board practical and theory to become a licensed esthetician.

Cedar Stone School of Massage offers a professional program and training in nail technology. Anatomical and pathological studies of the natural nail along with proficiency in manicures and pedicures are focused on throughout the program. Natural and artificial nail application along with nail enhancements are highlighted throughout the program. Students will also learn life skills, ethics and professionalism.

- **Nail Technician Certification Program**- For students seeking to become professional, licensed nail technicians. This program will prepare students to sit for the VA State Board Examination to become a licensed Nail Technician.

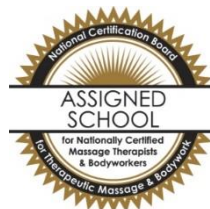

Certifications

Cedar Stone School of Massage is certified to operate in The State of Virginia by the State Council of Higher Education for Virginia.

State Council of
Higher Education for Virginia

Cedar Stone School of Massage is accepted as an assigned school for National Certification Board for Therapeutic Massage and Bodywork.

Cedar Stone School of Massage Esthetics and Nail Technology Program are licensed by The Department of Professional and Occupational Regulations

Massage Therapy Certification Program

Cedar Stone School of Massage offers a Massage Therapy Certification Program. The program prepares students for employment in the profession of massage therapy. The program integrates several approaches to massage and bodywork including Western, Native American and Asian techniques. Students study Swedish massage, deep tissue, mobilization, hot and cold stones and Shiatsu in addition to Anatomy, Physiology, and Pathology. Introductory classes are offered in various other modalities. The program may be undertaken on a full or part-time basis.

Educational Objectives

The Cedar Stone Massage Therapy Certification Program strives to prepare students to enter the field of massage therapy as a professional with massage and assessment skills, basic business knowledge, and a practical understanding of ethics and other professional skills as it relates to massage therapy. As such, the program seeks to assist students:

- Acquire the many skills necessary to perform therapeutic massage.
- Gain a thorough knowledge of anatomy and physiology as it applies to massage.
- Understand ethical issues relating to massage.
- Learn basic professional business practices.

The Massage Certification Program, includes:

Ten Semester Classes

- Level I Massage
- Level II Massage
- Level III Massage
- Anatomy and Physiology
- Mobilization Techniques
- Muscle Actions
- Pathology
- Student Clinic
- Advanced Lab
- Track Class (2 half semester classes)

20 Hours of Electives

- Aromatherapy
- Intro to Cranial-Sacral
- Spa Treatments
- Prenatal Massage
- Peripheral Nerve Impingement
- Self-Care for the Practitioner
- Marketing Your Practice
- Other electives TBA

And 20 Hours of Chair Massage and Eight hours of CPR and First Aid

The Massage Certification Program meets the national requirements for massage licensure and certification. Students complete 757 hours of instruction, 37 credit hours. Students may take coursework to satisfy requirements for NCBTMB's Board Certification and coursework to complete Virginia basic certification requirements and sit for the MBLEX national massage exam.

Upon completion of the program, students will be awarded a certificate and be eligible to sit for the Massage and Bodywork Licensing exam (MBLEX, required) or the National Certification Board for Massage Therapists and Bodyworkers' exam (optional) and apply for Virginia state licensure as a certified massage therapist.

Class Schedule

CSSM offers day and nighttime classes. Students may select the classes that best meet their scheduling needs. Generally, morning classes are offered from 9:00a.m.-12:30p.m. Monday-Thursday. Evening classes are scheduled Monday-Thursday 5:30 -9:00p.m.

Lab Schedule

Supervised lab is open Monday-Saturday. Students generally are required to complete 3-4 lab hours per week.

Massage for Friends and Family

Students who want to develop skills to use at home can enroll in the Level I Massage Therapy Class (see Course Description for details.) This class lays the foundation for practicing massage, providing an overview of the musculoskeletal system, Swedish massage techniques, Shiatsu energy work and introductory pathology. Students learn a full body relaxation massage, proper body mechanics, and contraindications for relaxation massage. The class is 90 hours, meeting for 15 weeks, 3 weekly hours of instruction and 45 hours of supervised practice.

Continuing Education

CSSM offers Continuing Education throughout the calendar year. The continuing education classes are provided to meet massage therapists' re-certification requirements. Please visit our office or email us for the current schedule of workshops. Classes offered include Shiatsu, Lymph Drainage, Rain Bath, Healing Hands and other Native American Treatments, Introduction to Thai Massage, Practitioner Self Care, Aromatherapy, Movement Studies, Special Business and Marketing Topics and others TBA.

Course Descriptions

Level I Massage Therapy Class - 4 credit hours

Massage Therapy I provides students with the first level of massage education. Students learn a full-body relaxation massage in the Swedish tradition, seated massage, and introductory Stone techniques and theory. They also learn basic anatomy and physiology focused on the musculoskeletal system and proper body mechanics. This class lays basic framework for the art of massage practice. It is appropriate for students pursuing a professional career in massage therapy as well as those who wish to share massage with family and friends. The class meets for 15 weeks, 3 weekly class hours or 45 clock hours.

Class hours include 23 hours in Massage Theory, 15 hours of Anatomy, 2 hours of ethics and 5 hours of Pathology. 45 supervised practice hours are required. Check the practice lab hours to schedule for practice times. Total hours: 90

Level II Massage Therapy Class - 5 credit hours

Students learn deep tissue massage theory and techniques. This class surveys muscle group anatomy, intermediate pathology, client interaction practices and assessment skills. Students will complete a lab project focused on treatment design, record keeping, and treatment delivery. Upon completing this course, students can perform an initial client intake and offer a full body therapeutic massage. Completion of Level I Massage is required to enroll.

This class meets for 15 weeks, 3.5 weekly class hours or 52.5 class hours. Class hours include 24 hours of Massage Theory, 22.5 hours of Anatomy 1 hour of ethics and 5 hours of Pathology. 60 supervised practice hours are required. Check the practice lab hours to schedule practice times. Total hours: 112.5

Level III Massage Therapy Class - 5 credit hours

This class focuses on the design and integration of healing techniques through 5-Element Theory, Acupressure techniques and Tui Na. Students learn acupressure, Tui Na massage or Shiatsu and Hara diagnostics while exploring western and eastern massage philosophy and modalities. Students also begin an ethical exploration of the therapeutic relationship. Students practice the integration of massage techniques and energy-work in treatments tailored to meet the needs and pathology of individual clients. This class meets for 15 weeks, 3.5 hours, or 52.5 class hours. Class hours include 72.5 hours of related field theory, 14 hours of ethics 5 hours of anatomy, and 5 hours of pathology. There are 35 supervised practice hours required. The practice lab hours are to be completed by the end of the semester. Total hours are 92.

Anatomy and Physiology Class - 3 credit hours

An in-depth study of western anatomy and physiology, including understanding pathological processes as they relate to massage. Specifically, body systems such as nervous, digestive, circulatory, respiratory, endocrine, and immune systems are studied. Meets 15 weeks, 2.5 weekly class hours or 37.5 total hours. Class hours include 30 hours of anatomy and 7.5 hours of pathology.

Pathology - 2 credit hours

An advanced study of pathology and the application of massage therapies and energy work. Students learn to design treatments based on the individual needs of the client. Completion of Level II Massage is required for enrollment in this class. Meets 15 weeks, 2.5 weekly class hours and includes 4 hours of massage theory, 29.5 hours of pathology, 1 hours of ethics and 3 hours of related field theory. Total hours: 37.5

Muscle Actions - 2 credit hours

Broaden your knowledge of specific muscle function. Students learn and practice the actions associated with each muscle through movement. Review of origin and insertions and general anatomy with a focus on assessing muscular function via movement patterns and range of motion. Meets 15 weeks, 2 weekly class hours and includes 30 of anatomy. Total hours: 30

Advanced Lab - 5 credit hours

Practice how and when to choose massage, mobilization and energy work techniques to facilitate muscle relaxation and release holding patterns in the body. Participate in a group process to review massage techniques, integration skills, treatment design, record keeping, pathology, and assessment. Examine business practices and marketing. Meets 15 weeks, weekly class hours and includes 17.5 hours in business practices and ethics, 12.5 hours in theory application. Completion of Levels I, II, III Massage and Joint Mobilization is required. Total hours 82.5 + 8 hours/week scheduled in the Student Clinic.

Stretching and Joint Mobilization - 4 credit hours

Take a three-dimensional approach to delivering massage. Students learn to incorporate active and passive stretches for clients with common muscle and joint related complaints. Identify and examine the properties of muscular health in order to broaden massage practice to include stretching, breathing and mobilizing. The techniques for this work are derived from traditional Thai Bodywork, Yoga, Feldenkrais, Laban, and other modern movement theorists. Meets 15 weeks, 3 weekly class hours or 45 class hours and includes 25 lab practice hours. 17.5 hours of massage theory, 22.5 hours of anatomy and 5 hours of pathology. Total hours: 70

Track Class (2) – 5 credit hours (2.5 credits each)

Students may select the following track topics to specialize: Neuromuscular Massage, Sports/Movement Massage or Advanced Stones-Lymphatic Massage. This class will focus on the treatment modality theory, associated pathologies and applications. Students will learn techniques and advanced treatment designs to specifically address client symptom presentations.

Two Classes combine to total 15 weeks, 3.5 weekly class hours or 52.5 class hours. Class hours include 32.5 hours of massage theory, 5 hours of anatomy, and 15 hours of pathology. There are 30 supervised practice hours per class (60 total hours) that can be done at one's own pace. The lab hours are to be completed by the end of each class. Check the practice lab hours to schedule practice times. Total hours are 112.5.

Student Clinic – 2 credit hours

Students will work in our clinic serving our local community. Students will provide full session massages in a clinic setting. This clinic class will prepare students to make the transition from student to professional massage therapist. Service delivery protocols including ethics, treatment design and record keeping are practiced. The class includes 2 hours of ethics, 22 hours of application, and 20.5 hours of related field theory. Total hours are 44.5 + 10 hours/week Scheduled in the Student Clinic.

Elective Training and Chair Massage

During each semester, Cedar Stone offers a selection of elective trainings which introduce topics and bodywork modalities directly related to massage therapy. The topics of the electives vary from semester to semester and include such classes as practitioner self-care, aromatherapy, reflexology, successful business practices, and how to establish a massage practice. Other courses will be announced. Massage Therapy Certification students are to complete 20 hours of elective training, 20 hours of chair massage events, and an 8-hour CPR class to meet the requirements for graduation.

Massage Therapy Procedures/Policies

Cedar Stone School of Massage is committed to providing excellence in our educational programs and student preparation for entrance into the healing arts profession. The following procedures, policies and guidelines form a structure to ensure our delivery of excellence to our students, our profession and our community-at-large.

Admission Procedure

Applicants must be at least 18 years of age and have a high school diploma or equivalent. Students must be physically capable of performing massage techniques taught in the class. Outlined below are the admission requirements/procedures.

Enrollment in the Massage Therapy Certification Program

Prospective students should complete a Massage Therapy Certification Program application form, provide a completed personal, non-relative, reference form, essay, and submit an application fee of \$50. Applicants must provide a copy of their high school/GED diploma or transcript and complete an interview with a member of our staff. The interview provides an opportunity for students to explain their personal and professional goals, to ask questions, and provides our staff with information to best meet the individual student's needs. Applicants will be notified by mail or email of their acceptance into the program.

Enrollment in Level I Friends and Family Class

Prospective students should complete a Level I application form, submit an application fee of \$50 and complete an interview with a member of our staff. The interview provides an opportunity for students to explain their personal and professional goals, to ask questions, and provides our staff with information to best meet the individual student's needs. Applicants will be notified by mail or email of their acceptance into the class.

Enrollment in the Continuing Education Series

Prospective students should complete the registration form for the class selected and submit the deposit fees as directed on the registration form. The instructor of each class will confirm a student's registration.

Enrollment Dates

A student may enroll at any time prior to the start of a new class. The school has rolling admissions. A new massage professional program and Level I Massage class starts every September, January and May. Based on student demand, there may be mid-semester start dates of March, July and October. Registration dates for continuing education classes vary for each class. Please check with the school office, website, and flyers or email this office for registration information.

Credit for Previous Training

Applicants with previous massage therapy education and experience may be awarded credit for their previous training. Please provide transcripts from institutions previously attended with a Cedar Stone application form. Our staff, after review of prior training and an interview with the applicant, will determine appropriate credit and placement in this program. An applicant may be asked to take a practical and/or written exam for this credit.

Credit Transfers

Credit for classes earned at CSSM may or may not be transferred to other institutions. It is the sole discretion of the receiving school as to what coursework and/or credits will be transferable..

Standards of Progress

Student's progress in all courses in the Massage Therapy Certification Program will be assessed by classroom observations, written exams, and a practical manipulative skills exam. Students are allowed to retake a failed written or practical exam one time. The grading scale is outlined below:

A	90-100	Superior	4 points
B	80-89	Above Average	3 points
C	70-79	Average	2 points
F	Below 70	Failure	0 points
I	Incomplete		0 points
W	Withdrawn		0 points

Students must successfully complete each massage course before progressing to the next course. In order to graduate from the Massage Therapy Certification Program or to receive a certificate from the Level I class, a student must receive a passing grade (70 or better) in all classes attempted. A student's grade-point average is computed by the following: total points/total units of credit attempted = grade point average. A student must maintain a cumulative 2.0 GPA to complete the program. Our staff will gladly assist students for successful completion of each class.

Students receive semester grades via email at the end of each semester. The student's program GPA is included in these progress reports.

Practical Examinations

A practical exam is given in each of the Massage Program classes. The exam requires the integration of practical skills and academic knowledge. It is an opportunity for the student to demonstrate a synthesis of their knowledge, skill and art of massage therapy. The practical exam will be 40% of the class final grade.

Graduation Requirements – Massage Therapy Certification Program

- 70% passing grade in each of the seven courses and a 2.0 or better GPA
- Satisfactory completion of lab hours in each course
- Completion of 20 hours of electives
- Completion of 20 hours of chair massage events
- Completion of CPR & First Aid training
- All fees paid in full

A certificate is given upon completion of these requirements

Academic Probation

A student will be placed on academic probation if the student is unable to maintain a 2.0 cumulative GPA or drops below 70 in any class will be placed on academic probation for the following semester. The student will be given extra assistance, and a plan developed by the student advisor to enable the student to reach the expected level of performance. Once a 70 and/or a 2.0 cumulative GPA is reached, the student will be removed from academic probation.

Academic Suspension or Termination

At the end of academic probation, if the student has not brought his/her grade to meet 70 and/or a 2.0 cumulative GPA then the student's progress shall be reviewed by the academic review committee. The committee will then recommend a new probation plan, suspension or termination. The student has a right to appeal the decision to the school's director. The appeal should be submitted in writing within 10 days of the committee's decision.

Student Conduct and Conditions for Dismissal

Students are to conduct themselves in an orderly and professional manner, which includes honoring the NCBTMB Code of Conduct and Ethics. Any student not honoring the NCBTMB code of conduct, using drugs and alcohol during school hours, being dishonest, disrupting classes, violating safety rules, insubordination, or not abiding by the class rules set by the instructor will lead to either conduct probation or dismissal from the program/classes.

If the student is placed on conduct probation, the student shall meet with the school's director to determine a plan including a date for removal from conduct probation. If the terms of the probation plan are not met, the student will be dismissed from the program/class. The student may appeal the dismissal decision using the grievance procedure listed

Fees and Expenses

The fees for the Level I Class and the Massage Therapy Certification Program are outlined below. Students who start in Level I and then enroll in the Massage Therapy Certification program will be credited toward the total program tuition. Students may pay school fees in total, by semesters or in monthly installments. Tuition due dates are as follows: Semester tuition payments are due the first class of each semester. Monthly tuition payments are due the first class of each month.

Level I Massage Class (15 weeks) - \$1200

Application Fee: \$50

The remaining tuition of \$1150 can be paid in full by the first class or 4 monthly payments of \$287.50.

Massage Therapy Certification Programs

The Massage Therapy Certification Program is 37 credit hours. Each credit hour is \$295. Total program cost is \$10,915.

Students are billed at the beginning of each semester based on the program payment plan they have registered. Students may pay the total semester amount on the first day of class or make monthly payments throughout the program.

Program Discount

Students who pay in full will receive a 10% discount.

Textbooks

Textbook fees will vary by class. Please see the class instructor or visit our website to see the required textbooks for each class.

Other Expenses

Students are asked to provide linens and oils/creams for class and practice hours. Massage tables will be provided at the school. Students will need to purchase a table for home or business use. Massage stones will be provided at the school. Students will need to purchase stones for home or business use. Our staff will guide students with the purchase of these items during Level I of the program.

CSSM offers First Aid/CPR classes on campus included in tuition for initial certification. If students are unable to attend the course on campus, they are responsible for attending a paid course elsewhere and providing proof of certification.

Esthetician Program

The purpose of this program is to assist students in acquiring the knowledge and skills necessary to become a Licensed Esthetician. This program meets the criteria of the Department of Professional and Occupation Regulation (DPOR) requirements. Upon completion of the program, students will be eligible to take the Esthetician theory/ Practical Exam. Students may then apply to DPOR for their Virginia Esthetician license. This a 600-hour program

Educational Objectives

The Esthetician Certification Program strives to prepare students to enter the field of Esthetics as a professional with basic business knowledge, and a practical understanding of ethics and other professional skills as it relates to Esthetics Technology. As such, the program seeks to assist students:

- Acquire the many skills necessary to perform esthetics.
- Gain a thorough knowledge of anatomy and physiology as it applies to layers of the skin.
- Understand ethical issues relating to facials.
- Learn basic professional business practices.

The esthetics Certification Program, includes:

34 Weeks of Study including:

- Skin Care
- Orientation and business
- State laws and Regulations
- General sciences
- Applied Sciences
- Body Treatments
- Hair removal
- Makeup

The Esthetics Programs meet the state requirements for Esthetician licensure.

Upon completion of the program, students will be awarded a certificate and be eligible to sit for the VA State Board exam and apply for Virginia state licensure as an Esthetician.

Class Schedule

Days and times vary between class start dates. The upcoming class meets Tuesdays 10am-5pm, and Wednesdays 10am-2pm.

Lab Schedule

Supervised lab varies by semester and instructor availability. Specific availability will be given during the Lab Orientation. Students are generally required to complete 8 lab hours per week to meet program requirements.

Esthetics Program Procedures/Policies

Cedar Stone School of Massage is committed to providing excellence in our educational programs and student preparation for entrance into the healing arts profession. The following procedures, policies and guidelines form a structure to ensure our delivery of excellence to our students, our profession and our community-at-large.

Admission Procedure

Applicants must be at least 18 years of age and have a high school diploma or equivalent. Students must be physically capable of performing esthetics techniques taught in the class. Outlined below are the admission requirements/procedures.

Enrollment in the Esthetician Program

Prospective students should complete a Esthetician Program application form. Applicants must, provide a copy of their driver's license and complete an interview with a member of our staff. The interview provides an opportunity for students to explain their personal and professional goals, to ask questions, and provides our staff with information to best meet the individual student's needs. Applicants will be notified by mail or email of their acceptance into the program.

Enrollment Dates

A student may enroll at any time prior to the start of a new class. The school has rolling admissions. Registration dates for continuing education classes vary for each class. Please check with the school office, website, and flyers or email this office for registration information.

Credit Transfers

Credit for classes earned at CSSM may or may not be transferred to other institutions. It is the sole discretion of the receiving school as to what coursework and/or credits will be transferable.

CSSM offers a day or night time classes. Students may select the classes that best meet their scheduling needs. Generally, morning classes are offered from 10:00a.m.-2:00p.m.. Evening classes are scheduled 5:00pm-8:00p.m.

Lab Schedule

Supervised lab is typically on Mondays and Thursdays. Students generally are required to complete 3-4 lab hours per week.

Nail Technician Program Procedures/Policies

Cedar Stone School of Massage is committed to providing excellence in our educational programs and student preparation for entrance into the healing arts profession. The following procedures, policies and guidelines form a structure to ensure our delivery of excellence to our students, our profession and our community-at-large.

Admission Procedure

Applicants must be at least 18 years of age and have a high school diploma or equivalent. Students must be physically capable of performing nail techniques taught in the class. Outlined below are the admission requirements/procedures.

Enrollment in the Nail Technician Program

Prospective students should complete a Nail Technician Program application form. Applicants must, provide a copy of their high school/GED diploma or transcript and complete an interview with a member of our staff. The interview provides an opportunity for students to explain their personal and professional goals, to ask questions, and provides our staff with information to best meet the individual student’s needs. Applicants will be notified by mail or email of their acceptance into the program.

Enrollment Dates

A student may enroll at any time prior to the start of a new class. The school has rolling admissions. A new Nail Technician class starts every September, January and May. Registration dates for continuing education classes vary for each class. Please check with the school office, website, and flyers or email this office for registration information.

Credit for Previous Training

Applicants with previous nail technology education and experience may be awarded credit for their previous training. Please provide transcripts from institutions previously attended with a Cedar Stone application form. Our staff, after review of prior training and an interview with the applicant, will determine appropriate credit and placement in this program. An applicant may be asked to take a practical and/or written exam for this credit.

Credit Transfers

Credit for classes earned at CSSM may or may not be transferred to other institutions. It is the sole discretion of the receiving school as to what coursework and/or credits will be transferable..

Standards of Progress

Student’s progress in all courses in the Massage Therapy Certification Program will be assessed by classroom observations, written exams, and a practical manipulative skills exam. Students are allowed to retake a failed written or practical exam one time. The grading scale is outlined below:

A	90-100	Superior	4 points
B	80-89	Above Average	3 points
C	70-79	Average	2 points
F	Below 75	Failure	0 points
I	Incomplete		0 points
W	Withdrawn		0 points

In order to graduate from the Nail Technician Program, a student must receive a passing grade (75 or better) in all tests attempted. A student’s grade-point average is computed by the following: total points/total units of credit attempted = grade point average. A student must maintain a cumulative 2.0 GPA to complete the program. Our staff will gladly assist students for successful completion of each class.

Practical Examinations

A practical exam is given at the end of the Nail Technician Program. The exam requires the integration of practical skills and academic knowledge. It is an opportunity for the student to demonstrate a synthesis of their knowledge, skill and art of nail technology. The practical exam will be 40% of the class final grade.

Graduation Requirements – Nail Technician Program

- 75% passing grade in each of the seven courses and a 2.0 or better GPA
- Satisfactory completion of lab hours in each course
- All fees paid in full

A certificate is given upon completion of these requirements.

Academic Probation

A student will be placed on academic probation if the student is unable to maintain a 2.0 cumulative GPA or drops below 75 in class will be placed on academic probation for the following semester. The student will be given extra assistance, and a plan developed by the student advisor to enable the student to reach the expected level of performance. Once a 70 and/or a 2.0 cumulative GPA is reached, the student will be removed from academic probation.

Academic Suspension or Termination

At the end of academic probation, if the student has not brought his/her grade to meet 75 and/or a 2.0 cumulative GPA then the student's progress shall be reviewed by the academic review committee. The committee will then recommend a new probation plan, suspension or termination. The student has a right to appeal the decision to the school's director. The appeal should be submitted in writing within 10 days of the committee's decision.

Student Conduct and Conditions for Dismissal

Students are to conduct themselves in an orderly and professional manner, which includes honoring the NCBTMB Code of Conduct and Ethics. Any student not honoring the DPOR code of conduct, using drugs and alcohol during school hours, being dishonest, disrupting classes, violating safety rules, insubordination, or not abiding by the class rules set by the instructor will lead to either conduct probation or dismissal from the program/classes.

If the student is placed on conduct probation, the student shall meet with the school's director to determine a plan including a date for removal from conduct probation. If the terms of the probation plan are not met, the student will be dismissed from the program/class. The student may appeal the dismissal decision using the grievance procedure listed below.

Fees and Expenses

The fees for the Nail Technician Program are outlined below. Students may pay school fees in total, by semesters or in monthly installments. Tuition due dates are as follows: Semester tuition payments are due the first class of each semester. Monthly tuition payments are due the first class of each month.

Nail Technician Class (15 weeks) - \$2500

An initial down payment of \$350 is required at initial enrollment
The remaining tuition of \$2150.00 can be paid in full by the first class or 3 monthly payments of \$716.67

Program Discount

Students who pay the entire program cost of \$2500 will receive a 10% discount.

Textbooks

Are included in the price of the program

Other Expenses

Students are asked to provide linens, orange sticks, and oils/creams for class and practice hours. Any additional items that need to be replaced due to use or loss is the responsibility of the student. Manicure and Pedicure Chairs will be provided at the school.

Academic Support Services

The school lab manager provides the following services to assist students in their academic and skill development, personal and professional growth and career advising.

Services:

- ***Academic Tutoring***
- ***Skill Tutoring***
- ***Student Advising***

Students can meet with the lab manager to schedule tutoring/advising sessions. Class Instructors post semester office hours for student questions and course advising at the beginning of each semester. Please refer to your class syllabus or the school website for specific instructor availability.

The school also offers personal development programs to deepen one's effectiveness as a healing arts practitioner, massage therapist, nail technician, and/or esthetician. Please check with the school administrative office for a current listing of program availability.

Program Success

CSSM utilizes several tools to measure program effectiveness. Analyses of our graduate and certification rates are prepared annually. We survey our community employers to determine the school's success rate in meeting their service needs with our graduates. We also collect evaluations from our student clinic clients to determine the effectiveness of our student massage. Additionally, our students complete exit interview and program evaluations upon graduation. All of this information is used to evaluate the school's success and determine program strengths and weaknesses.

General Procedures/Policies

Cedar Stone School of Massage is committed to providing excellence in our educational programs and student preparation for entrance into the healing arts profession. The following procedures, policies and guidelines form a structure to ensure our delivery of excellence to our students, our profession and our community-at-large.

Student Records

All student evaluations and grades are maintained by the school for a period of five years. Student transcripts are kept on file permanently and are protected from fire, theft and other perils. All student files are kept confidential and secured, only authorized school personnel have access to student records. Students may request through email, phone or in-person a copy of their academic transcripts. Students must give the school written permission via email, fax or letter for any other person or organization to receive student transcripts.

Student Right-To-Know and Campus Security Act

An annual school progress report is issued at the beginning of Fall Semester. The report includes graduation and certification rates and all other information pertinent to our healing arts school as it relates to the Student Right-To-Know and Campus Security Act.

Career Placement

Cedar Stone School of Massage provides an information board of local job availability. Although the school cannot guarantee employment upon graduation, every reasonable effort will be made to help students apply their newly acquired skills to the job market. The school provides transcripts and letters of completion for graduates upon request. Massage therapists frequently are self-employed. With this in mind, the school educates students about successful business ethics and practices.

Attendance Policy

We encourage students to attend all classes, or maintain 100% attendance. If a student cannot attend class, please contact the school prior to class. Our staff will assist the student to make-up missed class work. If a student misses 7 consecutive unexcused instructional days, the student will be administratively withdrawn from the program..

If a student has chronic absenteeism, (attendance is 85% or less), the student shall meet with the student advisor to determine a plan to correct the absenteeism. If the plan is not met, then the student shall be placed on conduct probation. The student shall meet with the school director to determine a plan for removal from probation. If this probation plan is not met, the student shall be suspended for the remainder of the semester. The student may return the following semester under the original plan of their conduct probation. If the student is unable to meet the terms of the probation plan then the student will be dismissed from the program

Tardiness Policy

Students are encouraged to arrive on time for class and stay the entire class. Students will be considered tardy if they arrive 30 minutes late. Three semester tardies will constitute one absence. Instructors use their discretion in extending credit for attendance or initiating student discipline.

Leave of Absence

Students may request a leave of absence at any point during the program/class. The student must submit a written notice to the school explaining the reason they are requesting the leave. The student can meet with the school director to determine a plan for his/her return to school.

Re-entrance

Any student, who has dropped out of the program, may be readmitted within one year by completing a personal interview with the school's director or student advisor, completing a re-entry application, and paying all fees due at the time of readmission. Program requirements at the time of re-admittance shall be applicable.

Any student, who was academically terminated, may be readmitted after one year by completing a personal interview with the school's director or student advisor, completing a re-entry application, and paying all fees due at the time of readmission. The student shall be on academic probation for his/her first semester.

Any student who was dismissed from the program for conduct may not be readmitted.

Student Grievance Procedure

Cedar Stone School of Massage sets the following grievance procedure to ensure fair student grievance process and resolution. Any student who has a grievance with an instructor should first discuss the problem with the instructor. If a resolution is not reached, the student may submit a written complaint to the school director. The school director can meet with the student to reach a resolution. If no resolution is reached, the director can refer the grievance to the grievance committee. After the grievance committee meets with the student, the committee will submit written findings to the school director and student. If there is still no resolution obtained, the student may contact:

State Council of Higher Education for Virginia (SCHEV)
James Monroe Building, 9th Floor
101 North 14th Street
Richmond, VA 23219
804-225-2600
804-225-2604 (Fax)

Students will not be subject to unfair actions as a result of initiating a complaint.

Statement of Students' Rights, Privileges and Responsibilities

The students of Cedar Stone School of Massage have the right to the education they have paid for and the right to file a grievance under the procedures listed above if any problem ensues. Students have the right to have access to their student files. All student records are confidential. Students have the responsibility to adhere to the school conduct policy and to complete all academic, attendance and financial responsibilities.

Specifically, students will:

- Be responsible.
- Be respectful.
- Cooperatively work with faculty and administration staff in the program to ensure success.
- Acquire learning skills.
 - Become more self-aware, self-managed, and self-directed.
 - Offer and seek peer support when needed.
 - Seek support from school staff when needed.
 - Develop constructive relationships.
- Track their graduation requirements, using a credit checklist.
- Be an active player in their career planning, including developing a personalized career plan
- Participate in program evaluation.

Scholarships

There are currently no scholarships available.

Financial Aid

Currently there are several payment plans available. Please check with the CSSM staff for detailed information.

Cancellation/Refund Policy

7-Day Cancellation: A full refund can be made if the student decides to withdraw within 7 days of enrollment. The student must provide written notice of cancellation within 7 business days (excluding holidays and weekends) of executing the enrollment agreement. A student who withdraws or cancels after 7 days and prior to the first class will be refunded all tuition paid excluding the application fee of \$50.

Withdrawal Procedure:

- 1) A student who withdraws after the first class will submit a written notice to the school director. The notice should include the expected last date of attendance and be signed and dated by the student.
- 2) If special circumstances arise, a student may request, in writing, a leave of absence, which should include the date the student anticipates the leave beginning and ending. The withdrawal date will be the date the student is scheduled to return from the leave of absence but fails to do so.
- 3) A student will be determined to be withdrawn from the institution if the student misses 7 consecutive instructional days and all the days are unexcused.

Refunds: If a student enrolls and withdraws or is discontinued after submission of the first completed lesson assignment, but prior to the completion of the program. Minimum refunds are calculated as follows:

- A student who starts the program but withdraws up to and including completion of the first quartile (25%) of the program is entitled to receive as a refund a minimum of 75% of the stated cost of the course or program for the period.
- A student who starts the program but withdraws after completing up to the second quartile (more than 25%, but less than 50%) of the program is entitled to receive as a refund a minimum of 50% of the stated cost of the course or program for the period.
- A student who starts the program but withdraw after completing up to the third quartile (more than 50%, but less than 75%) of the program is entitled to receive as a refund a minimum of 25% of the stated cost of the course or program for the period.
- A student who withdraws after completing the third quartile (75%) or more of the program is not entitled to a refund.

Refunds will be paid within 30 days after the effective date of the termination.
